*George Orwell once wrote, "In a time of universal deceit, telling the truth is a revolutionary act." Author Brian Wright argues that today a minority of power-diseased and perversely overcapitalized men—via submissive media systems—fosters a number of **Big Lies**... like so many Emperor's phantom suits of the finest weave. Brian shows that these key deceptions (and thus their countering truths) are obvious to a normal child and that adult assertion en masse of the truth is urgent for human health and life.*

“The Truth shall set you free—but first it will piss you off! The Revolution begins within! When you start taking practical steps to not only strengthen your body and mind, but, more important, to strengthen your connection to that fearless spirit within you, the world as you know it changes inside and around you. This is a critical time in our human history and a critical time for you to finally exercise that boldness of spirit you were born with... and change the struggle for existence into a joyful adventure. You have nothing to lose but your limitations.”

Foreword

This book is a modest expansion of a column I posted on my Coffee Coaster Website.¹ The column sprang from feelings of desperation that no matter how objective the facts or rock-solid the arguments, the truth of things never seems to penetrate the controlled media and information systems of the powers that be (PTB). The people keep getting crap from the mainstream journalistic hierarchy... and too many good citizens of stature—who pride themselves on ‘being informed’—fall for the crap.

Are the people being systematically lied to? Yes.

Do the lies serve to destroy the people? Yes.

Will the people come to see and say reality? Yes?

That’s the point of my column and this booklet: By boldly asserting seven of the more timely self-evident truths—or demolishing the lies, depending on how you look at it—I hope to coalesce a critical mass of understanding that breaks thru *el barrier de crapola*.

Why are humans so susceptible to lies of perceived authority? A May 2012 column by Robin Koerner² expresses an essential reason condensed by Goethe:

“We only see what we know.”

Also, what we regard as true depends on what we regard as valid sources of information. For this book, pretend you’re Joe Friday seeking “only the facts, ma’am.” Become as a child seeing with your own eyes.

A Crucial Time

Along with my Coffee Coaster site, I have authored several books with libertarian and human interest content.³ My goal has been to elevate the simple nonaggression principle to the highest moral standard in society. In pursuit of that goal I have come to see spiritual awareness as integral to realization of a free society—with journalistic truth as the *sine qua non*, even the prime mover, of that enlightenment.

The hard fact is our country cannot survive wars of conquest based on lies; torture, mass murder, and extrajudicial killings as official policy; horrific state crimes w/o prosecution... while the people go about their business—glued to their sports and reality TV, drinking their beers, eating their triple-cheese pizzas—as if nothing is wrong. The denial and turning away must end; the health of our society and our souls requires that we stand boldly for what we *know*.

Note on Presentation

The origin of this book on the Web reveals itself with a large number of Web-address references, which I have chosen to identify on the same page they appear. I apologize where that may give a cluttered view.

To facilitate wide distribution of the *Truth Torpedo*, I am making it available for free in PDF form at this location: brianrwright.com/TT.pdf. Further, I have composed that PDF document so each of the link references are active.

Intro

You **CAN** handle the truth!

Exasperated that the ruling class aggressively blanks out our standard liberty arsenal of humanitarian ideas, the author launches his ultimate weapon.

Truth—the Ultimate ‘Weapon’

How many guys of my baby boomer generation remember sitting around the college dorms (on Friday night, no less) watching Star Trek? Whenever the Enterprise found itself in a major battle and the phaser banks neared exhaustion, Captain Kirk would order Chekov to fire the heavy artillery, the ultimate weapon: the Photon Torpedo. Then, FWAP! The heavens instantly flashed white, and Bah Bah to the Klingons or Romulans or whatever fleet of Galactic Pond Scum felt it could mess with our high-flying Federationistas.

As I write in the *Sacred Nonaggression Principle (SNaP)*,⁴ the human species is moving along the Nonaggression Vector toward the next stage of consciousness—reflected politically in the ‘New Paradigm:’ a free, healthful, and abundant society. But a major barnacle on the ass of progress—the Barrier Cloud⁵—remains, stubbornly blocking our path. {The Barrier Cloud, as described in the booklet[5] below, is a complex neural-sociological impediment to human fulfillment caused *externally* by a vicious sect of the Men of the Power Sickness (MOPS)⁶ and *internally*, in the masses, by a

⁴ <http://www.deaggress.org/#8>

⁵ <http://www.deaggress.org/#1>

persistent primitive brain structure stuck on yielding blindly to social authority. }

Little Boy Truths (LBTs)

We now have it within our power to blast thru and end the Barrier Cloud: The SNaP (essentially the Freedom Philosophy),⁷ lived from the grass roots, is the practical antidote to the MOPS patriarchy. A corollary and condition of the SNaP is Truth: that is, *foundational truths embraced and asserted by millions*. Because these truths are so apparent to normal people I regard them in the same manner as the little boy who, in Hans Christian Andersen's *The Emperor's New Clothes*, sees and *asserts* that the king is naked.

My so-called Little Boy Truths pertain to:

1. The 9/11 attacks
2. Obama's qualifications for president
3. Global warming
4. Chemtrails—atmospheric geoengineering
5. 'Cabalization'—Western financial oligarchy
6. US Government as a terrorist organization
7. The federal 'income' tax

Please, whether or not you are inclined to agree with my arguments, do access the referenced literature. Do not reject evidence *a priori*—e.g. “the US government would never do that” or “government and corporate experts support the official story”—and focus purely on the empirical facts. Also note that if a theory consists of a set of interconnected causal chains, the disproof of

⁷ <http://thecoffeecoaster.com/?p=547>

only one cause disproves the theory. For example, if no empirical evidence exists—no evidence⁸ does exist—that a Boeing 757 struck the Pentagon, the Official Conspiracy Theory of 911 (OCT911) fails.

A note on acronyms:

These are the main abbreviations I use in this booklet, along with a brief rationale:

- **GOTUS:** Government of the United States—pronounced Go-Tus rather than Got-Us, consistent with common usage e.g. POTUS (President of the United States), SCOTUS (Supreme Court of the United States), etc. I like it because it's shorter and suggests an 'insidious, fat destructive rodent' that never leaves the premises.
- **SNaP:** Sacred Nonaggression Principle—widely used to denote my book of that name.
- **MOPS:** Men of the Power Sickness⁹—a central concept in the SNaP analysis; I use often to suggest individuals, almost always men, afflicted with a diseased psychology that craves extreme parasitic control and domination of others... and has no sensitivity to the pain or suffering their aggression causes real people. They also hate and deeply fear anyone in society who does anything creative.
- **OCT or OCT911:** Official Conspiracy Theory of the 9/11 attacks—used so frequently throughout the Web and in the literature, an acronym is justified.

⁸ To be genuine evidence, an item must be publicly, independently verifiable. A government-body assertion that, say, passenger and crew remains were gathered and systematically identified according to the most rigorous forensic standards before being destroyed is simply an assertion. [An assertion doubly dubious for the evidence having been destroyed. (Triply dubious for *government* destroying it.)]

⁹ MOPS is a generic term. The specific MOPS hierarchy that dominates Western Society today is the relevant subset; this hierarchy thru the centuries has acquired great wealth and a death grip of control. Several terms exist for the current dominating MOPS sect: Borg, Power Elite, <central controlling entity>, Kleptocons, etc. The Matrix (as in the movie of that name) is a good analogy and as good a term as any.

Method

My approach in this book is simply as messenger. Most of the fundamental work of discovery and argument has been performed by a courageous and competent citizen truth-army of researchers and writers. For the most part I simply refer to whom I regard as most notable, then link to their specific output.

Audience

The Truth Movement stands at a *moment* of truth. Those vested in lies and coverup desperately try to hold on to their control of information. Thus I aim my booklet at the person young or old with at least a 30% open mind, and who is as fearless as the little boy in Andersen's parable—you are the readers who will change the world.

Except as you become as a little child, you cannot enter the kingdom of heaven. — Jesus

I also aim at my friends who yet cringe in denial that their Old Paradigm of US power is rotted with lies and atrocities. I feel for you, but you must open your eyes and see the pathetic Little Man behind the curtain of GOTUS power: “Don’t be the last kid on the block to acknowledge the Emperor is naked.” In the Grand Scheme of the Cosmos, it doesn’t matter whether you have long been an obvious-truth denier or any character quality that reveals—it solely matters that you ‘come to Jesus’ in the end. None will bid you eat crow. ☺

Little Boy Truth #1

OCT911: Blatantly false and fraudulent (P:100%)¹⁰

From the gitgo, the American people have been sold a bill of goods by their would-be slaveholders. The chutzpah of the likely 9/11 orchestrators is more than astounding.

The official conspiracy theory of the 9/11/01 attacks holds that 19 radical Arab Muslims, taking orders from a CIA resource undergoing dialysis in a cave in Afghanistan, commandeered four aircraft and, penetrating the most advanced military defenses in history, flew them into the World Trade Center (WTC), the Pentagon, and, unintentionally, Pennsylvania dirt—thus causing the destruction of WTC1, WTC2, and WTC7, the latter not being struck by an airplane. Even ignoring the fact that at least nine of the alleged hijackers were alive and well on 9/12/01,¹¹ terabytes of hard, cold data and analyses incisively and exhaustively obliterate OCT911 for any mind of reason.

David Ray Griffin has published perhaps the best short refutation of OCT911.¹² Please read it. Since 2006 I've written several columns and reviews in the Coffee Coaster. My two best 911 Truth clinchers are:

- a) Buildings do not disintegrate symmetrically at free fall speed without the use of explosives. WTC1 and WTC2 fell at near free-fall speed;

¹⁰ A Little Boy Truth is by definition self-evident—probability (P) = 100%—but we're dealing with complex issues and assertions. So I'm conceding that at least some of my Little Boy Truths do not have the 100% probability of metaphysical certainty; the P% for each LBT shows my confidence factor.

¹¹ <http://www.welfarestate.com/911/>

¹² <http://www.brianwright.com/Griffin.pdf> (Also ref. Ken Jenkins on psych resistance to 911T: <http://davidraygriffin.org/the-truth-is-not-enough>)

WTC7 fell at exactly free fall speed. Therefore, the perps had prior access. Who?

- b) The owner of the WTCs, Zionist¹³ superstar Larry Silverstein,¹⁴ is caught on video with his hand on the plunger demolishing WTC7.¹⁵ He also profited handsomely from a \$7 billion insurance payout on the WTC complex.

A third decisive blow to the OCT: massive official destruction of evidence—under orders of then mayor, Rudolph Giuliani.¹⁶ [In a normal crime investigation, Silverstein and Giuliani would be arrested as suspects immediately; then police and prosecutors would pursue suspected coconspirators.]

So What?

The official conspiracy theory of 9/11 is *the* Big Lie of the Millennium... and the even Bigger Coverup. All you have to do is read David Griffin's summary document[12] with a slightly open mind. So many other quality works exist. If you're moved by engineering and science, visit the Architects and Engineers site (AE911Truth.org). Don't forget the landmark Internet boy-wonders video, *Loose Change*.¹⁷

Virtually none of the researchers of 9/11 starts out as a skeptic of the official story then comes to accept it—whereas, daily, thousands abandon the OCT for

¹³ Regarding a strong Zionist-Israeli state role in 9/11, Jewish former US Marine and director of the US Army War College Dr. Alan Sabrosky lays out a convincing case: <https://www.youtube.com/watch?v=cPgs-82XjGY>

alternative, nonludicrous explanations. The perps remain at large; the moral fiber of the American people strains for a real investigation and prosecution... along with vast indictments for the war crimes and systematic torture that 9/11 has been used to rationalize.

The reason 9/11 is the granddaddy of all false-flag state terror ops is that the cover story (intentionally) pushes the deepest buttons of blind nationalist-religionist faith inside so many of us. As author James Douglass¹⁸ puts it:

*“The extent to which our national security state was systematically marshaled for the assassination of President John Kennedy remains incomprehensible to us. **When we live in a system, we absorb a system and think in a system.** We lack the independence to judge the system around us. Yet the evidence we have seen points toward our national security state, the systemic bubble in which we all live, as the source of Kennedy’s murder and immediate coverup.”*

Just substitute ‘9/11 attacks’ for ‘Kennedy’s murder.’ For many people, to accept the fact of their cherished nation-state system being culpable or complicit in the crime of mass murder *of its own people* is tantamount to committing psychological suicide. Instead they disconnect and/or deny. But, believe me, no one has died coming to the truth, neither will you; instead let 9/11 Truth serve as your own personal valiant catharsis—duplicated with increasing frequency millions of times over—leading to a spiritually healthy, free, benevolent, and abundant country and world.¹⁹

Little Boy Truth #2

Obama: A Manchurian²⁰ president (P:95%)

Let me state my obvious and self-evident truth as follows: “Concerns about the authenticity of Obama’s Hawaiian birth and his ‘natural-born’ citizenship are completely legitimate.”

In the early days of Obama’s reign, I dismissed most talk of *quo warranto*²¹ challenge to his constitutional eligibility to be President. I shouldn’t have. The basis for the challenge is:

1. Nonauthentic birth—
Several documentation incongruities shed doubt on whether Obama was born in Hawaii (that is, in the US); the computer-generated records created by the State of Hawaii show altered data.²²
2. Even if his birth is authentic, is he a ‘natural-born’ citizen?—The Constitution does not define natural-born citizen, and precedent is conflicting. All US presidents have been born of US parents, except Chester Arthur who successfully hid from the public that his father was British. Obama’s purported father was Kenyan.

²⁰ Meaning in this context ‘serving alien (e.g. stealth oligarchy) interests.’ [Note: virtually every president has been controlled, or certainly strongly influenced, by a behind-the-scenes financial cabal.]

²¹ *Quo warranto* is a notice of demand to a court that someone claiming powers prove to the court that the one claiming powers has the authority to execute those powers.

²² <http://www.amazon.com/Wheres-Birth-Certificate-Eligible-President/dp/1936488299/?tag=thecofcoa-20>

Fortunately, a first-class objective reference exists on the Web: *Obama Presidential Eligibility—An Introductory Primer*,²³ by Stephen Tonchen. Regardless of the motives of anyone questioning Obama's eligibility, objective concerns are valid. The straightforward resolution of Item 1 is for Hawaii to produce Obama's original birth certificate for review and analysis of independent document experts.²⁴

As with destruction of evidence in a crime, the concealment or withholding or misrepresentation of evidence logically implicates you of the offense. Obama's background reveals grooming for office by the Western intel mob.²⁵ Upon taking office, he also, by executive order, sealed all his public records of school, college, selective service, etc.

So What?

Some say, "OK, Obama may not have his eligibility ducks in a row. Big whoop! What difference does it make?" I admit to once feeling that way, too: it's his policies that are hurting us, not his shoddy paperwork, Joe Shmoe won't be any better. Perhaps. But if you think about it, you'll see that a) the Founders were reasonably concerned about alien influence and b) birth-certificate fraud of such magnitude means at least dozens of persons at the pinnacle of GOTUS and the US intel mob are highly criminal—highly primed for orange jumpsuits and Leavenworth.

Little Boy Truth #3

Carbon Reality: Sadly, “Global Thumping” ‘r’ us (P: 90%)

Fact is, humans are fouling their nest with fossil fuels. But even if it’s time for urgent action, handing more power to central governments, international bodies, or oil company stooges to dictate solutions makes matters far worse.

As much as the next freedom fighter I’d love to believe in Earthly wide-open spaces forever and the Frontier Thesis.²⁶ But as of this five minutes of geologic time, our livable environment is a closed system. And the effluent of our major source of energy—fossil fuels—is carbon-dioxide (CO₂); as in the movie *Apollo 13*, CO₂ has been building up in our earth-capsule’s air supply.²⁷

The main concern for imminent decades on Earth is that smaller increasing concentrations of carbon cause increased atmospheric temperatures²⁸ and ocean acidification, both of which, in relatively little accretions, can lead to antihuman health-and-life conditions. Check out my review of Tom Flannery’s *The Weather Makers*²⁹ for the carbon arithmetic. Current rates of fossil-fuel-led CO₂ generation will double by 2100, which by Greenhouse-Gas Theory yields an increase of 5-10 °F in earth temperature.

²⁶ http://en.wikipedia.org/wiki/Frontier_Thesis

²⁷ Direct human toxicity levels of carbon are ~25-250 times higher than existing concentrations of carbon in the atmosphere.

²⁸ <http://www.lenntech.com/greenhouse-effect/>

²⁹ <http://thecoffeecoaster.com/?p=1476>

So, 1: CO₂[^], 2: CO₂[^] => Temp[^],³⁰ 3: Temp[^] => grandkids choking, seas rising, dogs and cats sleeping together, etc. Skeptics exist, but I have found none who question increased CO₂ as a reality or increasing temps as a related reality. (A dwindling few maintain that CO₂ does not drive temperature.)

Many in the freedom movement are reluctant to face Global Thumping because they fear a globalist-cartel solution: ‘Global Culling,’ that is, the Cabal centrally controlling energy to deprive the people of fossil fuels currently needed for freedom, progress, and life.

[Also, sadly, scores exist in the freedom movement who hold that God built the Earth in seven days: “Science, science, we don’t need no stinkin’ science!”]

To acknowledge the CO₂ problem is not to propose a particular solution. Libertarians know true answers come from recognizing and innovating people’s property rights in natural resources.

So What?

Candidly, I hesitated to include this Little Boy Truth of global warming. The too-typical response among my freedom-movement minions is to disparage the notion of human-caused poisoning via fossil fuels³¹ because of the statist bogeyman. But we’re all in reality together; it’s time to face facts and work out a cooperative fix.

³⁰ <http://www.lenntech.com/greenhouse-effect/>

³¹ In discussions on the role of fossil fuels for energy, few mention the predilection of the Cabal to suppress alternative-energy technology. According to theorionproject.org and other full-disclosure efforts, advanced, clean energy systems to supplant our earth-pummeling oil infrastructure have been invented and await imminent development. Think for a moment: “Who would want to quash nonpolluting, bountiful, ‘free,’ off-the-grid energy for everyone? Hmmm.”

Little Boy Truth #4

Chemtrails: Real and alarming (P:97%)

Are chemtrails real? Go outside, look up, see and feel.

As Paul Joseph Watson and Alex Jones write in their important column *Geoengineering: Our Environment under Attack*³² (November 14, 2011), “*The fact that the planet is being bombarded with chemicals from high-altitude spraying as part of numerous geoengineering programs being conducted by U.S. government agencies and universities that have been approved with no oversight whatsoever can no longer be denied.*” The chemtrails phenomenon is what is known as an ‘open secret.’ The government and its network of military, intelligence, and academic resources admit the phenomenon every time their atmospheric geoengineering data is discussed in public³³ ... which is increasingly often.

Several publications, films, and organizations³⁴ have brought to light the depth and breadth of the atmospheric geoengineering programs, most of which are intended to be secret and have an environmental modification purpose. Also refer to the GOTUS HAARP (High-Frequency Active Auroral Research

³² <http://www.infowars.com/geoengineering-our-environment-under-attack/>

³³ <http://www.cfr.org/projects/world/geoengineering-workshop-on-unilateral-planetary-scale-geoengineering/pr1364>

³⁴ <http://www.consciousnessbeyondchemtrails.com/>

Program)³⁵ and other governments' extremely low frequency (ELF) installations, which can cause—and arguably *have* caused—major natural disasters³⁶ by intention. Other central governments also maintain weather-weaponizing “Project X”³⁷ installations.

Chemtrails is simply one of many cross-purposed secret geoengineering ‘Wizard of Oz’ programs about which those in authority are clueless and/or in denial as to combined toxic effects. A large share of Global Thumping (Little Boy Truth #3) likely stems from the MOPS playing God with these weather-mod projects.

Qualification

“Hey, Mr. Smartypants, I looked up at the clear skies today and not a trace of your so-called chemtrails. In fact, only a couple of *contrails*.” Well, forgive the pun, chemtrails go in streaks. In late spring, it seemed there wasn’t a sliver of sky left unmasked by the manmade crisscrossed plumes. From July, with the extreme heat, to late summer now, aerial spraying activity has been sparser. It *is* a government program, after all, subject to the vagaries of funding. At least the commenter notes the telling difference between *chem* and *con*.

Interestingly, why is the Wikipedia article on the subject entitled ‘Chemtrails *Conspiracy Theory*’? Not simply Chemtrails? Is Wiki’s Loch Ness Monster article entitled ‘Loch Ness Monster *Myth*’?

Stop secret atmospheric modification programs now!

³⁵ <http://www.infowars.com/weather-wars-and-the-devils-haarp/>

³⁶ http://www.youtube.com/watch?v=xo-T_KvLNdQ&feature=related

³⁷ Project X is the name used by Ayn Rand in *Atlas Shrugged* for an energy beam weapon developed by sellout scientists and engineers to create fear of the crumbling US government.

Little Boy Truth #5

Cabalization: MOPS conspire to control (P:100%)

“Dorothy, we’re not in Kansas anymore.” The <central controlling entity> is real and deadly to natural human life.

Back in the day when I cleaved unto the Ayn Rand perspective, I saw public affairs as the effect of ideas: Good ideas produce good public affairs... because those in power ultimately change their ways—stop their systematic aggression—when educated popular pressure bears down upon them. According to this view, conspiracies of power operate *inside* an open society and are mitigated by informed, conscientious public opinion. Therefore, large-scale, all-encompassing conspiracies of power do not exist... or at least, they do not *persist*.

[Note: If a conspiracy of power *does* exist, then those who deny the conspiracy make its success much easier. (Our mainstream media work full time to deny/dispel any notion of a hidden antihuman über-oligarchy.)]

Over the past several years I’ve come to a more ‘dualistic’ picture: the ultra-powerful exist *outside* the natural social order and, in fact, consciously shape much of public opinion thru control of information and coordinated application of literally \$trillions worth of resources. Such immense resources come from booty conned and extracted—mainly via debt and war—from real people during the past two or three centuries.

Who they are exactly is not so important as *that* they are. But ‘he who has the gold makes the rules,’ and the ascending gigabucks of our Cabal-with-a-capital-C stop at the pinnacle of the Western financial lootery: the Daddy Warbucks for national central banks, the Bank of International Settlements in Basel, Switzerland.³⁸

Who owns/runs that bank? Never guess. The same banking dynasties represented by those gilded-ass poobahs in the secret meetings at JP Morgan’s Jekyll Island, Georgia, club that led to creation of the Federal Reserve System in 1913.³⁹ If you want to understand a) who the Cabal is and what it has done thru the decades, b) how for 100 years it has walked away with much of the US productive class’s hard-earned wealth, and c) the identity of the banksters who will be signing our \$100K-plus reparations checks, you absolutely must read *The Creature from Jekyll Island*. [40]

Learn and Expose

Creature exposes the Man behind the Curtain, as well as showing how his Federal Reserve System central-banking shell game works. [Knowledge of the oligarchy and its crimes against humanity is growing exponentially, thanks to the Internet... and to the brave men and women doing the research and advocacy. The Cabal’s golden goose is nearly cooked.]

Here I want to express my journalistic appreciation, in particular, for Alex Jones *et al* at [Infowars.com](http://infowars.com) and its sister site, PrisonPlanet.com. Such sources are integral to our migration to a truthful and free society.

GOTUS as a terrorist organization (P:100%)

GOTUS is a terrorist war criminal, torturer, and killer whose unconstitutional acts we must Nullify, deny, then start fresh.

Many Americans are victims of what David Griffin has termed the Blind Nationalist Faith syndrome.⁴⁰ Part of that syndrome confers the highest virtue on everything the government of the United States (GOTUS) does, especially if it involves police or military action. If this syndrome epitomizes your belief—if you LOVE the smell of ‘American soldiers bombing-jailing-raping-torturing-slaughtering foreigners’ in the morning... and police pepper-spraying grandma—accept your Holy Flag and Cross Award and read no further. Truth and justice mean nothing to you.

But if you will *consider* letting go of the nation-state addiction, ponder this: “Bombing,⁴¹ jailing,⁴² raping,⁴³ torturing,⁴⁴ and slaughtering⁴⁵ innocent people” is official GOTUS policy—as it carries out the global genocidal plans⁴⁶ of the Cabal (MOPS Central).

GOTUS—in its capacity as enforcer—is a monster, a *terrorist organization* on a rampage of total destruction. We are in the end game of the process, all the bellwethers are in place: indefinite detention without trial,⁴⁷ presidential extrajudicial killings,⁴⁸ imminent FEMA rape-and-torture camps⁴⁹ (esp. for ‘patriots’), 30,000 attack drones to be deployed in the US,⁵⁰ continued mass groping and pornoscanning by the TSA Gestapo⁵¹ (soon to afflict all travel modes), imminent plans for aggressive war on <an Anti-Israel Mideast Country>.⁵² The list of GOTUS’ crimes against humanity is much longer and deeper than what the despicable English Crown imposed on our ancestors.

In my February 2012 Coffee Coaster column, without even trying I came up with a list of 24 ‘insufferable acts.’⁵³ GOTUS has crossed the line and is no longer legitimate. We must withdraw sanction from it, deny consent.⁵⁴ Then, as Thomas Jefferson wrote, *replace* it.

Replace as in arrange for alternative, noncompulsive-government services. In this election year you can vote libertarian. Post election: nullify unconstitutional laws via the Tenth Amendment...⁵⁵ as a start. Ultimately, distributed voluntary government under a worldwide Nonaggression Protocol will work just fine.

'Income' tax only on exercise of federal privilege. (P:97%)

The federal 'income' tax is the life blood of GOTUS power. Delegitimize the 'income' tax to end the Beast.

The Little Boy Truth #6 about GOTUS' descent into tyranny certainly provides *moral* grounds for ceasing to fund such a creature. But the fact is *legally* you likely owe it nothing anyway.

For reasons I do not fathom, the most financially liberating Little Boy Truth—discovered and described by a hardworking Detroit-American—has not broken through the Barrier Cloud⁵⁶ to capture the popular mind. This has to change quickly:

Little Boy Truth #7 is a stone-cold, ironclad proof⁵⁷ that the so-called federal income tax applies solely to earnings in the exercise of a federal privilege. Which means unless your earnings are a consequence of employment by, investment in, grants from, or the use of stuff owned by the federal government or one of its subordinate corporate creations (like the Tennessee Valley Authority or the Federal Deposit Insurance Corporation) you are technically a 'nontaxpayer' relative to the tax. The name actually says it all: the *federal* income tax. You can look it up... in this bracing exposé by Peter Eric Hendrickson, *Cracking the Code: The fascinating truth about taxation in America.*[58]

Icing on the Cake

For an introductory sketch of the reasoning, read my review of Pete's *magnum opus* here.⁵⁸ The truth is amazing, and thousands of individuals are receiving refunds of 'income' taxes and Social Security wrongly paid; in general, IRS officials adhere to the law.

Go to LostHorizons.com to see a sampling of many hundreds of these victories by Americans from all walks of life who have learned the truth about the tax and have stood up to enforce it. Learn this truth for yourself and begin doing your part in rolling out this All-American Little Boy Truth into all our lives. To do so is practical as well as the height of civic virtue.

You will find that the 'income' tax is limited because the US Constitution very purposefully set strict controls upon federal access to resources. The details of how the limits are designed and how they are invoked—how the government, in order to serve as a conduit of loot from the productive class to the political class, *wants* to evade those limits—are all laid out in Pete's book.[58] Find out why it is so important to the sustainability (or restoration) of our unique American experiment in 'liberty under law' that *each of us* act to enforce those limits. Read the book, then step up and start exercising the critical powers that Leviathan and its beneficiaries have been working full-tilt boogie to keep you from knowing are yours.

‘So what?’

What to do? Aside from attesting to the truths in public and handing this book to a friend, the basic prescription is to have any bad guys stop their lies and crimes and for the people to investigate and prosecute them appropriately.

Consider again Andersen’s parable, *The Emperor’s New Suit*. After the little boy exclaims that the emperor is naked, initially his parents and surrounding townfolk try to subdue him:

“‘Fool!’ his father reprimanded, running after him. ‘Don’t talk nonsense!’ He grabbed his child and took him away. But the boy’s remark, which had been heard by the bystanders, was repeated over and over again until everyone cried: ‘The boy is right! The Emperor is naked! It’s true!’”

Thus in the parable the truth-telling youngster is first vigorously opposed by family and friends who are fearful of their king’s authority. But after the truth is ‘repeated over and over’ another dynamic takes place: no subject wants to defy what is becoming unanimous certainty. ‘Fear of the mob’—being thought of by the collective as a nonconforming boob—outweighs fear of the king. *En masse*, then, and *precipitously*, the people acknowledge the obvious and the kingdom fails for lack of confidence... presumably—I mean, geez, the king is a nudist fruitcake!

This is exactly what will happen to Cabal-GOTUS via our Magnificent Seven Truths of the Torpedo—set to detonate shortly after publication. *If* you will rise.

Recall the famous saying by Gandhi:

*First they ignore you, then they ridicule you, then they attack you... then you **win**.*

In our case, the truths are immediately obvious to children. It isn't like we're trying to oust the obnoxious Brits from a colony. [Cabal-GOTUS cannot ban, say, the presentation of 9/11 truth—though they certainly would if they could. To do so would amount to a blatant admission of its own criminal complicity and culpability.] There probably won't be any physical attacks, more than the desperate last-ditch military and police-state barbarism we're already seeing, e.g.:

- ongoing massive assaults on civil liberties at home; mass murder/torture of 'the other' away
- false-flag acts of state terror on the people such as the recent 'lone-nut' shootings in Colorado
- dictatorial takeover of the Republican Party to exclude freedom candidate Ron Paul

Thus the truth wins immediately following the ridicule phase. What's more ridiculous than being, or supporting, a Naked Emperor?! End of story.

The Truth Torpedo straightforwardly opens the door to a New Paradigm of Nonaggression. So person up, attest to the Truths, and share this book with everyone you know, today! Then vote Libertarian—or better yet Live Free—and often.

You shall know the truth and the truth shall set you free. — Jesus

About the Author

Brian Wright was born in Kalamazoo, Michigan, in 1949. He grew up near Kansas City, then moved with his family to Oklahoma City in junior high. In a bookmobile he discovered seminal libertarian writings which led to his participation in the Goldwater campaign for president (1964). Moving to Detroit, Brian acquired a BSME from Wayne State University in 1969. He became a passionate advocate for Ayn Rand's artistic vision of heroic individualism; in 1972 he cofounded the Libertarian Party of Michigan (LPM).

[In the early 1970s the secret Michigan State Police Red Squad compiled a file on Wright for a lecture advocating anarchy.(!)] For the next three decades, he engaged in public speaking, writing, and other activities to promote reason and liberty. He ran for state representative (1982), secretary of state (1986), and US Congress (1994) on the Libertarian ticket. [In 1992, Michigan drug police raided Brian's apartment, resulting, *seven years later*, in a bizarre case convicting him of growing a small amount of marijuana in a Phototron.(!) This assault by the War on Drugs inspired Brian's migration to the Free State in 2004.]

From 2002 to present, Brian has embarked on a course of more direct action toward achieving political freedom, instead of seeking liberty via acquiescence to the American nation-state. Jason Sorens' Free State Project was a catalyst fueling Brian's literary and Web output.⁵⁹ Brian has also become increasingly naturally *spiritual* in his advocacy.
