

Declaration of Independent Being

<Enter Full Name Here>

As an individual being of conceptual consciousness exercising full and exclusive dominion over my body, mind, and judgment I declare my independent being and natural freedom to act for my life as I see fit... without initiating force on others. Accordingly, I shall:

- opt out of societies run by or for human beings of collectivized consciousness
- sever allegiance to and deny jurisdiction of coercive state bodies or agencies
- turn humans of collectivized consciousness to independent consciousness and being
- work to create, in place, a new society, for all who abide by the nonaggression principle

To prudentially effect the above actions, I accompany this Declaration with an Affidavit of Self-Governance and Transition (ASGAT), stating specific conditions that I shall conform to and require of existing government(s) pursuant to severance:

- Transition period
- Existing constitutional legal framework
- Operation of people's independent grand juries and petit juries
- Duration of consent to lawful taxation
- Expiration of government-benefit systems
- Reparations from government central-bank financial associates
- Abrogation terms (unconstitutional acts of government aggression)

Special Immediate Mandate

Regarding people's independent grand juries, I require that I and every one of the people have access to an independent grand jury of our peers, which upon complaint or petition, shall interpose (investigate and indict) a) *as a shield* against corrupt public official attacks on individuals or b) *as a sword* to hold corrupt public officials accountable for gross misconduct.

Regarding people's independent petit juries, jurors shall be notified by presiding officials of jurors' authority to judge law and fact, and thus to acquit defendants based solely on a juror's conscience.

Individuals shall have unfettered freedom to record any hearing in court or before public officials.

In the absence of government compliance with the Special Mandate, I hereby deny consent to proceed.

###

Thus, I solemnly pledge and declare: I am a free and independent being, absolved from all connection to or support for coercive governments... and hereby dissolve the bands that have connected us.

"And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor."
