Toto Worldwide

Vision, prospectus, and business plan notes (after911truth.org/prospectus.pdf)

Founded by Brian R. Wright (I), Toto Worldwide is the global foundation serving as the sanctioning body and embracing worldwide Toto Affiliates and Chapters—formed as free associations of human individuals to a) expose mass deceptions behind "high-crime assaults" on the people by the Western global oligarchy (the Old World Order)¹ ... and b) bring justice to all the perpetrators and for all the victims.

The vision comes from the 1939 American movie <u>The Wizard of Oz</u>, where Dorothy (with her dog, named Toto) and her friends go to see the Wizard a second time. The horrifying apparition rejects them again with sound and fury, when suddenly Toto jumps from Dorothy's arms and proceeds to a nearby chamber, pulling back the

concealing curtain. The dog thereby exposes a small old man feverishly working levers and buttons on a control panel. Obviously, the Wizard. Obviously a fraud... and Dorothy reads him the riot act.

Toto is symbolic of a small effort to reveal truth and with Dorothy's help deflate corrupt, illusory power.

Prospectus

Before outlining operations and how they meet real needs and deliver tangible benefits, I want to step back and describe a realistic worldview in which 'Project Toto' makes sense.

Understanding of Project Toto

Fortunately, the Toto Worldwide enterprise being proposed isn't some lonely voice crying in the wilderness. For those genuinely interested, please consider the following two videos as prerequisites:

The project folds in with the major cultural mass movement toward liberty and consciousness of our time: <u>Thrive</u>. The <u>Thrive video</u> has received more than 30 million views; it presents a broad liberty and abundance consensus for our future. It also squarely faces the ongoing predation by the Old World Order and suggests how we can stop these Men of the Power Sickness (MOPS) and bring them to account. The

video is available on YouTube or at http://thrivemovement.com/the movie.

Prospects and supporters need also to be aware of the sophisticated mind control technology that has been developed since roughly World War I. Ref: <u>Rule from the Shadows video here</u>, which points to a YouTube location https://www.youtube.com/watch?v=p8ERfxWouXs.

Please watch the above two videos at a minimum, because they describe

the current reality in far more depth and with fully vetted sources than currently I have the tools for. Project Toto is all about revealing the obvious truth, then standing up for it in an effective way... like Dorothy. Thus we need to know how, why, and by whom we are being deceived.

Note: Because what we believe depends completely on what we regard as valid sources of information, we need to find valid news alternatives. <u>Thrive</u> itself has helped launch the Alternative News Project: http://alternativenewsproject.com.

¹ Usually self-identified by those involved as the New World Order. Ref. video <u>Invisible Empire</u> by Jason Bermas.

Human Progress and the Barnacles on its Butt

Now to the realities from my own perspective as a libertarian. These are a couple of political context diagrams that set up 'where' Project Toto applies. With few exceptions, large civil societies were set up as top-down collectives where the ruling class squashed the natural freedoms of individuals.

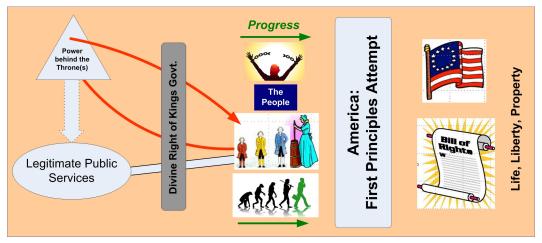

Figure 1: How Societies Worked... Then American Independence

The unique confluence of ideas and people created for the first time a society that explicitly recognized natural rights of life, liberty, and property of **individuals**—"we the people and First Principles"—above the collective. Unfortunately, the Power behind the Throne stealthily undid all such protections:

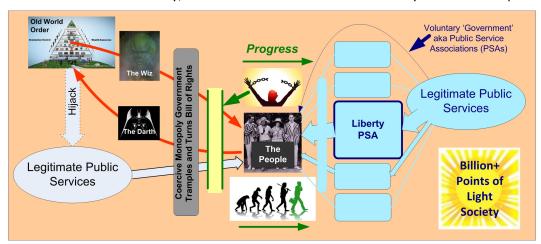

Figure 2: Old World Order Usurps Power, Restrains People from Voluntary Society

The second figure above illustrates the following key developments:

- 1) **Old World Order** (ref. <u>Thrive</u> for complete description of domination agenda)—per the Wizard of Id, Golden Rule: He who has the gold makes the rules; Men of the Power Sickness (stealthy whack jobs).
- 2) **The Wiz and the Darth**—what Ayn Rand called the Witch Doctor and Attila, respectively; you control people by force, but much more easily when they consent to be controlled... hence, the Wiz (lies).
- 3) **Destroy First Principles**—by subterfuge and stealth, *sine qua non*: Coercive Monopoly Government.
- 4) **Panarchy** (freedom of choice in government)—Jeffersonian idea, First Principles, our future if we are to have a future; the Belgian philosopher Paul Emile de Puydt coined <u>panarchy concept</u> in 1860.
- 5) **Embrace New Paradigm**—To do so, we *UN*manufacture people's consent to Wiz/Darth deception.

Finally, especially in recognition of the power of the so-called 'Wiz' of mind control of item #2, we can identify the CRITICAL need and the location for Project Toto as shown in the context diagram below:

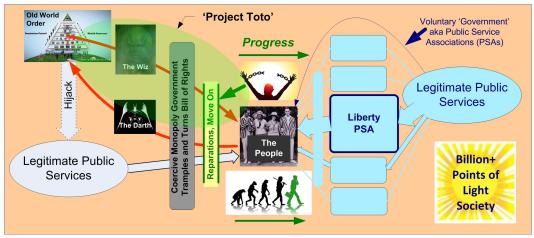

Figure 3: Project Toto Unravels the Mind Control Side of the OWO

The nature of the beast—the Old World Order²—is to seek power and solely power. The OWO aims for what has come to be called "full-spectrum dominance" over the people. In so doing—and this is extremely important to understand—**ITS OWN SURVIVAL IS SECONDARY TO DOMINATION**.³

The Project Toto Bubble—the Urgency

The depredations of the OWO are longstanding, and they are intensifying daily... against all humanity. The Wiz has convinced many that for security they must accept constant war and debt, unconstitutional central government, torture, drone killings, asset forfeiture, forced druggings, domestic military presence, poison skies (geoengineering), poison foods (GMOs), police atrocities, etc. We humans don't have much time.

In my book <u>Leaving the Sandbox</u>, I identify a dozen key categories for these OWO "high-crime assaults" as I call them. Figure 4 on the right, shows my pictorial view. [As I was writing <u>After 9/11 Truth</u>, I became more and more convinced that the Big Lie of 9/11 serves as the linchpin holding up the entire House of Crimes. The forensics and rock solid evidence against the official story make centerpunching out the linchpin my own highest priority.]

The 'truth' of 9/11 and the others simply means a fully empowered grand jury investigates and indicts those responsible. Puts them away. Brings justice.

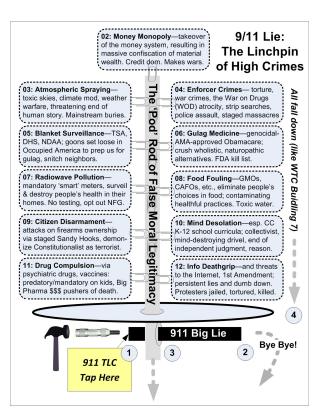

Figure 4: Project Toto and Linchpin of 9/11

² What I have called the Men of the Power Sickness in my book *The Barrier Cloud*.

³ The OWO functions much the same as the cyborg (played by Arnold Schwarzenegger) in James Cameron's movie, *The Terminator* (1984). The objective is the same: human slavery => extermination.

Organization

Toto Worldwide follows from the action concepts of my book, <u>After 9/11 Truth</u>, (A911T) which proposes a 'Truth-Letter Closure' (TLC) campaign by persons recruited from the general 9/11 Truth community—which sends templatized letters of appeal, one-by-one, to targeted 'Respected Deniers' (RDs) from a participant's contacts. The object of a TLC message is threefold, to have the RD:

- a) complete and return a simple 10-item questionnaire postal card,
- b) read or view one standard truth work (from a list of books or videos) in the book, after which...
- c) publicly declare for the truth.4

The worldwide 9/11 Truth organization adopting the core TLC processes above will be called the **9/11 Toto Correspondents' Society** (911TCS)—an Affiliate organization of Toto Worldwide. The 911TCS has a small core office w/robust Website; main activity occurs via local Chapters or clubs. Ref. Figure 5.

The individual chapters or clubs are the heart of Toto activity.

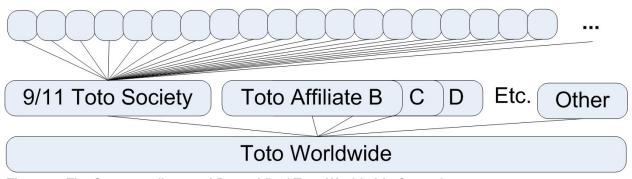

Figure 5: Flat Structure (Inverted Pyramid) of Toto Worldwide Operations

Figure 5 and the specific content of this document expand the mission of the 9/11 Toto Affiliate, because the 9/11 truth operations are the first to be rolled out. The description for the 9/11 Toto Correspondence clubs serves as a template for the Affiliates to be formed soon thereafter.

Each Toto Worldwide Affiliate (also called a *Society*) works to expose and prosecute a high-crime assault or assault category identified in the Threat Matrix. The Chapters of a Toto Worldwide Affiliate are called: <High-Crime Assault Name> Toto Correspondents' Club of <local municipality or region>. The general Toto Affiliate (society) and club formation will follow the same approach as for the 9/11 Affiliate.

Toto Chapters (Clubs) the Social Center for Activity

Independent, yet certified and sanctioned by the Affiliate and/or by the Toto Worldwide umbrella organization. The details remain to be worked out, and the intent isn't to suppress imagination, rather to assure some uniformity and economies in the operations. Also that the activities produce solid results. The Affiliate society level will produce the materials and the structure/procedure for the clubs to follow.

⁴ Meaning, in a political context, *justice*—a fully empowered grand jury investigation bringing indictments.

⁵ The clubs will have the freedom to merge and assemble in different fashion, whether geographically or by level. I expect the rules of common sense will apply.

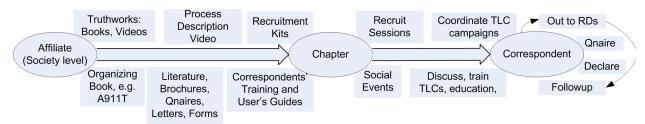

Figure 6: General Workflow for Affiliate, Chapter, and Correspondent

Figure 6 illustrates how I see the general flow of working data. At the Affiliate or society level is where the creative formation occurs, each Toto Affiliate will need analogous materials to what I've created for the 911 Toto Affiliate. The organizing book (e.g. <u>After 9/11 Truth</u>), the template appeal letter, the list of contradictions to the official story, and the questionnaire will be composed first.

Financial Note: The Affiliate level will house the Website and online facilities for Bitcoin transaction; the Chapter-Correspondent level will be cash, check, or commodity-token friendly. Estimate \$20 Correspondent membership fee (gets book, lapel pin, etc.) w/\$5 annual renewal. Financial purpose of Affiliate-Chapters is to a) sell organizing book, b) sell truth works, c) bring in member-Correspondents. Quickly.

The Core Process

The Toto Correspondent is a noble doer of great deeds. The core process is a targeted literary person-toperson activity conducted iteratively, then monitored for results and shared socially via the Chapter and Chapter alliances throughout the Affiliate. Figure 7 shows the core process.

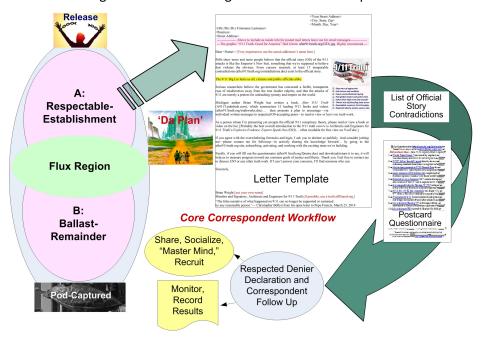

Figure 7: Core Process Workflow

My main discovery after outlining the essentials of the above process in <u>After 9/11 Truth</u>⁶ has been that, regardless of the logic or demonstrable effectiveness of the core process, nobody will actually *do* it in the absence of a viable social incentive. Also, we need to stress hard-copy actual letters and to notables.

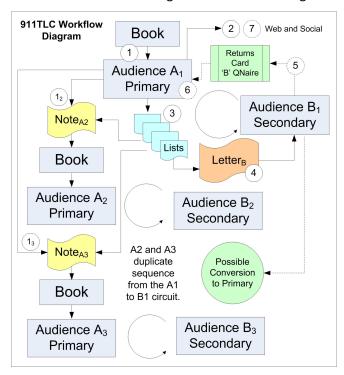

⁶ I credit Mr. David Hooper—producer, writer, and director of the key 9/11 Truthwork, Anatomy of a Great Deception—for bringing the need to integrate social event(s) into the truth-sharing activities.

Chapters Facilitate the Core Process and Motivate Correspondents

As suggested previously, the formation of Toto Chapters and their day-to-day lives become the magnetic force that draws individual Correspondents in and motivates and guides Correspondents to participate in the simple activity.

"PULL THE CURTAIN, SAVE THE WORLD."

Gives you an idea of a descriptive slogan or signature for a Toto Correspondent. Because that's essentially what we are doing *en masse*. Many hands make light work. We'll have coffee cups, t-shirts, Toto and Dorothy imagery—naturally, we'll need to thread the needle on copyrights—, and some artwork that lies in someone's imagination. Brainstorming contests for marketing tools.

We will need to sell the core process, have people want to sign up (Correspondents) to do the process and be part of the public service organization. By the Correspondents having a cell or team identity structure we also develop espirit de corps, internal competition, improvement in the processes.

Figure 8 shows my initial workflow, which is in the <u>After 9/11 Truth</u> book, and includes the essential tasks—both correspondence and recruiting, showing a power of two network.

Consider as a place holder now. **Do not get** wrapped up in the details.

What's important is to realize the actual work will be performed in a team-spirit context, enhanced by the social event sequences of the Toto Chapter.

Each signup gets a starter kit and joins a team.

Figure 8: Workflow Diagram

SOCIAL EVENT SEQUENCE, SHOWING MAIN FUNCTIONS

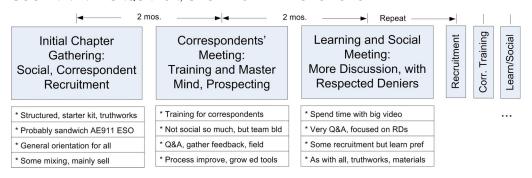

Figure 9: Social Event Sequence, Activities

Although the core process is extremely simple, the implementation needs to be precise, requiring a system and training the trainers. The correspondents' meeting devoted mainly to correspondent and Toto business 'training.'

Figure 9 lays out a workable schema for the social 'meetings'—I envision them being held in a modern library facility with access to decent projection screen hardware. The splittable-sectioned room (for a typical major city suburban setting) should accommodate up to 200 people in full with audiovisuals.

Meeting protocols and the financial procedures need to be worked out, policies and procedures in general. Chapter officers, leaders, teachers, learners, stakeholders play a vital role and must all **feel they are** an important part of the same 'noble mission:' "Pull the curtain, save the world."

"Noble Mission:" Toto Correspondents as Disciples of Healing Truth

... and rolling back 'Brainwashed Nation.'

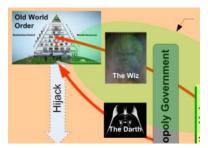

When one considers the depth of the control and power blanket—ref. the <u>Thrive</u> video, <u>Invisible Empire</u>, <u>Rule from the Shadows</u>—particularly the conditioning applied universally via mainstream media, academia, and larger conventional intellectual/moral-authority institutions, our task as worldwide truth Correspondents (regardless of the Affiliate cause) is formidable to say the least.

Some parallels exist to the classic sci-fi movie, <u>Invasion of the Body</u>

<u>Snatchers</u>. In the case of many of us, instead of being taken over by pods we are subjected to 15,000 hours of forced schooling... cultivating zombie consumers and red-white-and-blue cannon fodder. Hard to resist the pressures to conform. [But like Dr. Miles J. Bennell in the movie, not everyone readily chooses to take the blue pill in kindergarten. Also, some of those pesky parents ask questions.]

Dr. Miles J. Bennell makes an ideal symbol of Correspondent resistance.8

Think what he endures, the loss of his community and the loss of the woman he loves. In the movie the people turn to contented, soulless automatons in the span of a few days. But our peers in reality become plugged in very slowly and relentlessly—via school then media and TV-tainment—from age, say, three... to thirty.

None are more hopelessly enslaved than those who falsely believe they are free. — *Johann Wolfgang von Goethe*

Remember the Wiz has only the power he tricks us into giving him. Watch the video <u>Rule from the Shadows</u>. He and his Old World Order masters have been polishing these tricks w/technology, making them evermore sophisticated, for a century. Even so, when we pull back the curtain they DIE.

Our mission is to reclaim programmed minds from deception and domination and thus to free ourselves.

Sutyuqrunu is Our Business	Satyagraha is Our Business	
----------------------------	----------------------------	--

Satyagraha was coined by Gandhi 100 years ago to mean 'the global truth force.' As Barbara Honegger states, "We are not going to win (in the 9/11 truth movement) by logic and argument alone. Our work toward truth and justice needs the dimensions of a moral cause." That is what Satyagraha gives us:

- 1. Toto pulling back the curtain (truth)—choose barrier-free reality w/o compulsion
- 2. Exposing Wiz' impotence (liberty)—morally delegitimize and deny false, corrupt power
- 3. Dorothy insists on amends (justice)—make humanity whole-hearted again

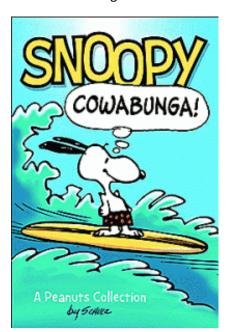

As we develop our positive imagery and tokens for correspondent pride, the Dr. Bennell award will be like a 'Pulitzer Prize.' This points out cause-based incentives of being a Correspondent in good standing, as in the early US space program, where workers of distinction were honored with Snoopy medals and the like.

Per Eckhart Tolle, "Let your peace flow into whatever you do..." and all will be drawn to the light.

Aspiring to Become a Correspondent ______

Yes, provided a prospect pays the small membership fee and agrees to do his part to fulfill the Toto mission (and abides by the straightforward yet high-minded code of conduct), he's in. But we want to create an *espirit de corps* among ALL Toto Affiliate (not just 9/11) Correspondents—make becoming a Toto Correspondent in good standing a badge of the highest personal pride. How? Some rough ideas:

- 1) Entry fee and renewal modest: Thinking \$20 with \$5 annual renewal. The \$20/\$5 gets you the After 9/11 Book, a Toto Worldwide lapel pin, discounts on truth works, etc.
- 2) **Base commitment**: 100 messages (at least half hard copy letters split between notables and persons of special quality on the Correspondent's list).
- 3) Militia-like organization: Was going to say 'military' or 'army' but distinction is we're fighting for our homes and families against the 'deceiver-oppressor' who uses central-state military.
 - You volunteer and are either assigned a unit (team) or choose one. (Teams are analogous to platoons. In military terms, three to six platoons compose a 'company' of roughly 150 persons.)
 - b. For starters, our Toto Affiliate *Chapter* will aim for a total count of 160, organized into 32 units of 5, and I'm thinking for the time being to use National Football League (NFL) team names as our team names.⁹

- 4) **Results-based recognition**: The TLC core process can measure progress toward concrete goals. E.g. Correspondent categories of achievement (letters, questionnaires received, conversions), honors:
 - a. Correspondent Second Class: Toto Award. (Details of results required, to be determined.)
 - b. Correspondent First Class: Dorothy Award. " "
 - c. Correspondent Eagle: Miles J. Bennell Award. " " [Awards banquet/ceremonies for some. All?]
 - d. Special Acknowledgment: Snoopy Award. " "

5) **Outreach and personal improvement**: We gear ourselves to rapid membership growth—considering the urgency of turning back the Threat Matrix—and at the same time, **positive life transformation**. In particular, we grow in knowledge and presentation ability (like Toast Masters).

Down the road, I envision the Toto Worldwide cadre to form the base of a truly living and objective body of knowledge. It will be extensive and solid, having had to dispel the massive Barrier Cloud of OWO deceits that are close to taking over the 'official knowledge' that most of our peers still buy today.

Toto Worldwide => The Toto Institute => (leads to) a <u>George Meegan</u> super-humanitarian vision of teaching and learning: <u>Democracy Reaches the Kids</u>.

The NFL currently with 32 teams in 8 divisions has caps, cups, etc., all the insignia, and is easy to learn. Example: The 9/11 Toto Novi Patriots. Five persons per Correspondent Team facilitates training and regular gatherings for acting (letter sending) in concert. A TBD process will select one person as Team leader. When a Chapter exceeds 160 person level, form new Chapter. This is the fun part of startup, we get to use our imaginations on such things.

Note: Members or Correspondents can be signed up outside the Chapter context, that is by going directly to the Toto Affiliate site. Also, there is no barrier for any Correspondent to fly solo. We need to work out all the procedures as part of the development plan. But for verification of results and reporting reasons—as well as being more effective and fun as a team—everyone will be assigned a Chapter, if only a tentative, temporary one. Or be encouraged to start one.

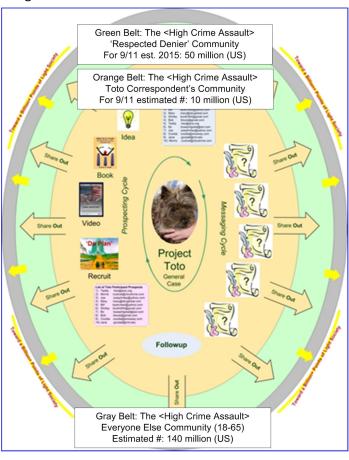

Why the Socially Enhanced Core Process Will Be Successful

Let's consider the BIG PICTURE of what we're doing. And run some numbers.

Note: The analysis and numbers here are for the 9/11 Toto (truth) mission. What is so exciting is: Everything specifically identified in this document applies directly to all the other noble causes such as resisting high crimes, e.g. 'smart' meters, GMO foods, toxic aerosol skies, federal tax banditry, etc. ... not to mention positive marketing for several kinds of businesses.

The figure on the right is an imagesequence summary for the flow chart of actions that are part of a <u>user guide and</u> <u>plan</u> for 9/11 Toto Correspondent work.

The reason I'm including the diagram is to show a rough order of magnitude (ROM) of the numbers of active participants needed to achieve success. Then, the specific penultimate result of that participation that marks victory. The definition of success or victory being: "convening a fully empowered—meaning the GJ issues orders to the judiciary and prosecution that they (judges, prosecutors, other sitting officers of the court) must carry out—grand jury(s) to investigate and bring indictments of

legitimate suspects." [Note: I estimate avg. Correspondent time per 10 msg-block NGT 1 Hour.]

"Truth is the inception of justice." — Dorothy Gale

The Toto Correspondent person-to-person messaging process circumvents the mainstream media blockade and domination of customary truth channels. Consider the following conservative premises:

Premise #1: If 24 persons of stature ¹⁰—nationally or world-renowned individuals in media, entertainment, sports, government, etc.—publicly declare the official story of <high-crime assault x> groundless and call for grand jury(s) investigation/indictments, then truth (we) win.

Premise #2: Of 100 Correspondent messages sent, at least one Respected Denier (RD), will a) view/read a truthwork and b) publicly declare for truth .AND. of RDs receiving Correspondent messages at least one RD will be Super RD. Ergo: 1 of 10,000 msgs => 1 SRD declarer.

¹⁰ These are a special category of Respected Denier (RD), called Super Respected Denier (SRD).

Conclusion: 240,000 Correspondent msgs. will produce 24 SRD declarers => Toto cause success.

But let's be even more conservative and require that a minimum of 100 SRDs must come forward to call the emperor naked. That means we need 1,000,000 Correspondent messages to be sent through our Correspondent Affiliate Chapters. Let's further assume our window is one year (roughly autumn 2015 thru autumn 2016), and we're considering the USA only.

To achieve 1,000,000 msgs, averaged over 50 states, requires 20,000 messages per state. At a minimum of 100 Correspondents per

Chapter, each producing an ultralite load of 10 msgs per year, that implies we need 20 Chapters (on average) per state. [Doable, but definitely high end from an organization standpoint.] However, IF the Correspondent message load is at the high end of 100 msgs per year THEN each state would only need two active Chapters.

My guess is that we'll achieve an active Chapter formation of 5-10 per state, with 50-100 Correspondents per Chapter, each Correspondent producing 50-100 msgs. per year. Which works out to 12,500 msgs minimum to 100,000 msgs maximum per state (on average) per year. [Note: the minimum still yields 62.5 SRD declarers and the maximum will produce 500 SRDs!]

QED.

Spinning Off Success

Recall the discussion of the high-crime assaults and the Threat Matrix (page 3 and Figure 4). As founder of this Toto Worldwide system (and creator from my book <u>After 9/11 Truth</u> and its Website http://after911truth.org), I also have deep sensitivity toward all these attacks. In particular, two have the higher priority of my attention at the moment:

1) The persistence of ubiquitous, massive stratospheric aerosol geoengineering (SAG) chemical plumes from covert military programs—these 'chemtrails' contain aluminum, barium, strontium, and other neurological poisons... and, frankly, we have *no idea* of the content of the cocktail of horrific toxins raining down upon us. Reasonable articles suggest viruses and vaccines for behavior modification and other agents of destruction.¹¹

2) The mass hysteria in the media and among the political class, seizing on a measles outbreak at Disneyland, to violate all informed choice in the administration of vaccines and, soon, any medicine the states or the federal state dictates everyone must submit to.

My guess is—because, despite the literally unbelievable (and infantile authoritarian) propaganda, Americans *en masse* are beginning to see the fraud and dangers behind corporate marauders such as Monsanto, Dow, Biotech and Big Pharma in general—the people will defeat item 2) shortly. But 1) continues to be massively denied. AND, you cannot run away from or filter out the poisons in the air you breathe.

I know several of the leaders who are fighting against these high-crime assaults. I shall work with them to create Toto Affiliates to help them break thru. (More related to the spinoffs in the Business Plans.)

¹¹ Best source http://geoengineeringwatch.org, also article in this South Coast magazine.

Business Plan Notes¹²

More 'notes' than official plan. Because the fact is until the first chapter of Toto Worldwide launches—and it will—the responsibility for making things happen is practically exclusively the author's (i.e. TW and 9/11 Toto Correspondent's Affiliate founder).

Shareholder Arrangement

At this stage I am still leveraging my book and the shareholders to ratchet up to the next level of earnings. [Ultimate deal with shareholders is 50:50 split of book sales revenue (between \$500K and \$2,000K); Also author share of this revenue is to be split 50:50 with truth work authors.]

I believe the original number of 400 shares at \$25 per share (\$10,000) is still correct to effectively launch my After 9/11 Truth book and project—the project part of that is now this social integrated activity called the Toto Correspondents (Worldwide, Affiliates, and Chapters), but retaining the 9/11 Toto seed activity. I still need capital input to enable the 'project phase' to be successful.

At the time this document is being presented, my remaining shares are 170, meaning I'm seeking an additional \$4250, which I believe will put us right on the money in terms of having everything I describe below accomplished and prepared for Launch of First Chapter (of 9/11 Toto Correspondents)—in Novi, Michigan—let's say by autumn 2015 to be conservative.

Spinoff Work Revenue

It's very simple. For a very manageable sum (\$500-\$1,000)—and in a couple of weeks' time—I can offer Dane Wigington of geoengineeringwatch.org... or Barbara Loe Fisher of the National Vaccine Information Center... or Josh del Sol the producer of Take Back Your Power ('smart' meter exposé), and so on, a collaborative 'Toto Affiliate' set of tools to accomplish exactly what I'm doing with the 9/11 Toto Affiliate. The reason for the fee is I would take part in producing the analogs to the following core process documents:

- 1) The Toto Correspondent issue <u>appeal letter template</u> to the Respected Deniers (RDs), which references...
 - 2) the organizing booklet itself (ref. After 9/11 Truth)... which references...
 - 3) the truth works document (listing half a dozen to a dozen videos/books that RDs are asked to view/read one of),
- 4) also pointing out the <u>list of fatal contradictions</u> to the domination agenda/Deathstar official story
- 5) and includes in the envelope (and in email reference link) the <u>simple noncontroversial questionnaire</u> that the RD is also asked to fill out.¹³

So each of the above five items needs to be 'spun off' in a manner analogous to what I've done for the 9/11 Truth Correspondents Affiliate process. And there are some variables depending on what the subsequent Toto Affiliate has already done, and its preferences. Once these core documents are in place, then the Affiliate basically tailors its Correspondents organization and social presence to what we will be developing shortly here with the 9/11 Toto Correspondents' Affiliate.

This work and small revenue stream will aid me (Toto Worldwide founder Brian Wright) in my 9/11 launch of the Novi, Michigan, chapter, and in improving all Worldwide processes thereby.

Note: The dollars-and-cents activity under this heading is merely to SEED the actual work of the Foundation and its Affiliates/Chapters—which are modestly funded by membership fees and sales of truth works.

¹³ Find the literal links to these core process documents (for 9/11 Toto) here: <u>after911truth.org/prospectus.doc</u>.

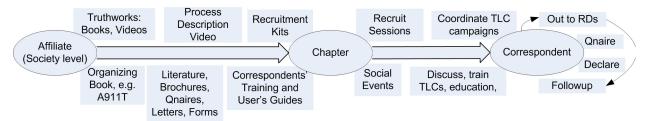

Affiliate Website

Broad intentions of where I plan to go for both the Affiliate Websites (and larger Chapter Websites) and the Toto Worldwide foundation's Website: Right now, in conjunction with my book After 9/11 Truth, I did build a framework Website of that name http://after911truth.org. A brief visit to that site currently (late May, early June, 2015) will show you that the key structure and function need to be updated by the broader vision of Toto Worldwide.

After 911 truth.org is actually a seed site for what will one day be the 9/11 Toto Correspondents' Affiliate site, and will probably persist mainly as a reference to the 9/11 Toto Affiliate site as well as to deal specifically with the <u>After 9/11 Truth</u> book itself. Similar considerations for non-9/11 Toto Affiliates who decide to form—for example, Dane Wigington and geoengineeringwatch.org will no doubt keep his site and promote as a complementary site the Geoengineering Toto Correspondents Affiliate site.

So long as the Toto operation does what it's supposed to. (!)

Repeating Figure 6, shows the main functions of the Affiliates (and thus the principal Website):

The purpose of the Affiliate is to build and support Chapters. The purpose of the Chapters is to build and support Correspondents. The purpose of Toto Worldwide and all Toto Correspondents' Affiliates is to pull back the curtain on one or another whacked out Wizard(s) of a Threat Matrix deception—in front of Respected Deniers. Thus causing RDs, particularly Super RDs, to 'Dorothy up.' That is, to 'turn' or to 'call the Emperor naked,' thus precipitously ending all Death Star operations.

A good share of funds for the remaining development until launch will be spent to brainstorm with motivated Big Picture geeks who can help build an effective Website to support the noble mission. Focus is always on efficient, effective ACTION of Correspondents to bring Dorothy (justice) into the resolution. And be a seamless transition into the New Paradigm, which I call the Billion+ Points of Light Society.

In other words, I don't have a lot done on the Website, but the design will fit the mission.

Imminent Tasks [Original suspense dates (summer 2015) removed]

- Selling 170 shares for capital needs shorter term.
- Rewrite A911T with Toto Worldwide, also key edits, esp. incl. Barrett, Truth Jihad.
- Launch a training prototype with key shareholders to validate team performance concept for Cs.
- Disengage from other cause-oriented priorities (LPM, Prop1, Doreen).
- "Satyagraha Liberty" (start mid-June) congruent with Project Toto, novel due by EOY.
- Website interactivity, dataflow, workflow structure.
- Full exploitation of my own network, track results.
- Build core Correspondent Affiliate membership application into After911truth site.
- Finish documentation notes for all key videos.
- First Threat Matrix cause contract, note relevance of <u>Cracking the Code</u> as centerpunch.
- End of July build core essentials of financial structure of cooperative or foundation system.
- Detail the conversion/declaration followup procedures for RDs.
- 'Key man' backup to preserve goals and mission in my absence.
